Contact name	<i>T Cragg</i>		
Date Change Request Raised	<i>04/06/04</i>	Originating Discussion Doc	<i>DR 0033</i>

### Detail of Change Request

A number of changes are required to the Market Message Implementation guides to ensure clarity and accuracy.

1. **Common Data Segments:** Treatment of Technical Contact details is incorrect. This comprises a Contact name (field), Technical Contact Details (Segment) and Technical Contact Address (Segment) – it is currently treated as a single segment in this guide. See Draft v 4.1.1 of guide issued on 19 May 2004 by C Madden.
2. **Customer Data and Agreements:** The effective date for each type of customer detail change (notified on message 013) should be included in the guide.
3. **Data Aggregation:** Changes to cardinality of 115 and 115R messages from 1...N to 1.
4. **Data Processing:** A number of minor corrections and clarifications to the text are required. See Draft v 4.1.1 of guide issued on 19 May 2004 by C Madden.
5. **Meter Works:** Effective from date to be removed from Message 301N.
6. **Registration:** Cardinality of Medical and Customer Service special needs to be modified – this should not be a repeating group. The description given in V 4.1 for the treatment of these fields is also incorrect. See also description of changes to Technical Contact details in Common Data Segments above. See Draft v 4.1.1 of guide issued on 19 May 2004 by C Madden.  
Market Message 102N to also be included in Registration Guide – Note this change was not covered in DR 0033
