

DR		1101		Response to 030 MM - fit Check Meter or Heating not Working			Priority
Harmonisation Status				CLOSED - Jurisdictional Specific		CR Status	Classified
						Status Date	21/09/2011
Date	Version	Reason For Change				Version Status	
14/09/2011	v1.0	Initial version issued to HWG				Final	
PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:							
Requesting Organisation(s)	Power NI			Originating Jurisdiction	NI		
Contact name	Clifford Morrison / Graeme Hunter						
Date Request Raised	07/09/2011		Originating Request				
Detail of Request							
Reason for Request							
Every 030 MM sent by a Supplier needs to have a response MM from NIE to close off the process. The 131C1 can prompt the Supplier to take any follow up action which may be required when the Check Meter has been removed or the Heating problem has been resolved.							
Proposed Solution							
In the current design NIE will not send any response to 030 MMs for Fit Check Meter or Heating not Working unless there is a meter replacement (when a 332 MM will be sent). There needs to be a response to these 030 MMs even if the meter is not replaced. For the Fit Check Meter, NIE should send a 131C1 when the check meter is removed. For the Heating not Working, NIE should send a 131C1 when the issue is resolved without a meter replacement and should continue to send a 332 when the meter is replaced and also send the 131C1.							
Classification of Request							
Harmonisation Impacting				Harmonisation Baseline Version No.			TBD
