Detail of Request								
Reason for Request								
This DR is being raised following instruction for the UR regarding the Supplier of Last Resort arrangements in Northern Ireland and to notify Market participants.								
Proposed Solution								
PowerNI have been nominated as the supplier of last resort. All customers (commercial, domestic credit and keypad) of the defaulting supplier will be transferred to Power NI. During this transition, NIE and PowerNI will work together to ensure the switching process is made as smooth as possible for customer. All customers will be switched with effect from the day the defaulting supplier's licence is revoked. The market will be prevented from taking any irreversible actions in advance of revocation i.e. day zero. The wholesale market will be advised of the revised arrangements to ensure process alignment. The Retail Market Procedure NI 4 - Supplier of Last Resort will be updated accordingly to reflect the changes outlined above.
