26/10/2010	v2.0	Classified as NI specific						Final			
PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:											
Requesting Organisation(s)		NIE				Originating Jurisdiction		NI			
Contact name		Joan-Edel Smith									
Date Request Raised		22/10/2010				Originating Request -					
Detail of Request											
Reason for Request											
Currently in the domestic first CoS process in the interim solution, Suppliers obtain the legacy system customer number from the customer and use this 7 digit number to access the MPRN website in order to generate an MPRN. Problems have arisen for Suppliers, where the customer is a new tenant at the site and therefore has no customer number, and where customers have provided the Supplier with customer numbers which are out of date. This Discussion Request will allow Suppliers to use the first 6 digits of the customer number ie the supply point number to access the MPRN website.											
Proposed Solution											
To change the MPRN website validation of the customer number provided by the Supplier to only check the first 6 digits provided and to ignore the 7th digit. For a change of tenancy associated with the first CoS, NIE will provide the 6 digit number to the Supplier .											
Classification of Request											
Harmonisation Impacting						Harmonisation Baseline Version No.				TBD
