**Detail of Request**

**Reason for Request**

This Discussion Request proposes to remove the functionality and process where a Supplier may request a non-visit keypad meter configuration change either through market messaging. All keypad meter configuration change requests by Suppliers will require a site visit by NIE.

This is to ensure that the change of meter configuration process for keypad meters is carried out with accuracy and precision and also to ensure the integrity of the data provided by NIE for DUoS billing and settlement.

**Proposed Solution**

All keypad meter configuration change requests by Suppliers will require a site visit by NIE. The Meter Works Type K01 Change Keypad Meter Configuration - No Site Visit Required will be removed.
