PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:								
Requesting Organisation(s)		NIE			Originating Jurisdiction		NI	
Contact name		Joan-Edel Smith						
Date Request Raised		24/02/2011			Originating Request			
Detail of Request								
Reason for Request								
Because of harmonisation we are unable to use the original spare S10 to S20 as they are already in use in RoI. By reserving S40-S49 we are catering for an NI Supplier entering the RoI market and retaining their SupplierID. By including the existing and potential RoI SupplierIDs we are catering for a Supplier in the RoI market entering the NI market and retaining their SupplierID.								
Proposed Solution								
This Discussion Request proposes to add 10 spare Supplier IDs to cater for new entrants in NI. S40-S49 have been reserved for this purpose and we have also agreed with ESB that S40-S49 are reserved for NI Suppliers. The Schema update will add SupplierIDs S01 to S99 and SA2, SA5 & SA6 to the NI Schema. The Schema version number will also increment from 00.02.05 to 00.02.06 for all message types. The change will be applied by all Suppliers to their Production Emma's on Saturday 26th March 2011.
