PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:													
Requesting Organisation(s)		NIE				Originating Jurisdiction		NI					
Contact name		Joan-Edel Smith											
Date Request Raised		21/03/2011				Originating Request							
Detail of Request													
Reason for Request													
<p>The current NI Retail Market Procedures state that an agreed notice period must be given by Suppliers when booking/requesting fieldwork appointments to allow for planning and scheduling of the work. This Discussion Request proposes to remove the notice periods currently required when Suppliers are booking/requesting fieldwork appointments in relation to New Connections Registration (010), Change of Supplier Registration (010) with related fieldwork or Fieldwork requests (017, 030, 252) as NIE no longer require notice periods for fieldwork requests.</p> <p>However, for Change of Supplier requests a Supplier will be prevented from booking an appointment on the Market Website for fieldwork related to a Change of Supplier for a date less than two business days in the future. This two day period is to allow for the processing of objection/debt contact notification market messages.</p>													
Proposed Solution													
<p>To remove the notice periods for fieldwork appointments/requests and to prevent a Supplier booking an appointment on the Market Website for a Change of Supplier with related fieldwork for a date less than two business days in the future. This is to facilitate the processing of objection/debt contact notification market messages. There are no changes required to the market message schema.</p> <p>As previously advised fieldwork appointments for New Connection Registrations will be booked by NIE and Suppliers will be prevented from booking an appointment on the Market Website for a New Connection Registration.</p>													
Classification of Request													
Harmonisation Impacting				Harmonisation Baseline Version No.				TBD
