<p align="center">Detail of Request</p>													
<p align="center">Reason for Request</p>													
<p>This Discussion Request proposes to remove DUoS Tariff T051 (4 Rate Unrestricted Keypad) from being available to the market. This tariff was created to facilitate the rule where a keypad customer on a single rate unrestricted tariff moved to an alternative Supplier they had to be changed to a 4 Rate Tariff and each rate was charged at the same value and therefore the customer would not be disadvantaged by moving. This rule is no longer in place and a keypad customer on a single rate unrestricted tariff can move and stay on the same DUoS Tariff T053 (Standard Rate Keypad).</p>													
<p align="center">Proposed Solution</p>													
<p>To remove DUoS Tariff T051 (4 Rate Unrestricted Keypad). This change applies to both Interim and Enduring Solutions and will be removed from the next published DUoS Statement of Charges.</p>
