<b>Detail of Discussion Request</b>	
<b>MPD 1</b>	Clarification required to wording around Page 10 ('Where a customer read is requested then.....')
<b>MPD 7</b>	<p>Updates required to text in step 15 from 'Confirm Market Accession to Generator' to 'Confirm receipt of Market Accession Application to generator' MPD to be updated to include steps to confirm acceptance to trade.</p> <p>GUAC should be recorded at Step 19 not at step 47</p>
<b>MPD 25</b>	Step 7 which determines if a reading is valid. If the reading is invalid then one should be estimated. An invalid reading should not result in 116R being sent (i.e. the 'Go to Step 5' on the process map is incorrect.
<b>MPD 8</b>	<p>Update required to the text to cater for the situation where DSO is notified of a Change of Legal entity at the same time as a request for Changes to connection characteristics is received. The MPD currently states that the supplier will be informed of the CoLE on message 301N.</p> <p>The MPD should be updated to reflect the fact that the customer will be first referred to the registered supplier to progress the CoLE and will then be able to progress the change to connection characteristics.</p>
<b>Reason for Discussion Request</b>
