

Form A – IGG Design Discussion Request

Discussion Request Number	Title	Priority
DR 0125	Meter Details on 341 Market Message	<i>Medium</i>

Name of Requesting Organisation	Energia
Contact name	Edward Barr
Date Request sent to RMDS	7 th December 2006

Date	Version	Reason for Change
07/12/2006	V1.0	Initial version

Detail of Discussion Request	
<p><u>Background:</u></p> <p>A Market Participant has indicated a problem with the significant delay between physical changes to QH meters and the point in time at which the supplier is advised of the change (ie when CX111 processing is completed and 331 MM is issued to suppliers). The 341 MMs received during the intervening period contain the 'previous' QH meter details until the 331 MM issues, with an effective date in the past.</p>	
<p><u>Proposed Solution:</u></p> <p>ESB Networks propose to implement a business process to ensure update of the market systems as soon as possible after QH meter changes have physically occurred, thus updating 341 messages with the correct QH meter details as early as possible.</p>	
Reason for Discussion Request	
<p><i>Market Participant Request for process improvement</i></p>	
Market Design Documents impacted by Request	
Date of IGG where discussed	
Change Request xref (if applicable)	

PART 2 MARKET ASSURANCE:				
Applicability				
ESB Networks	Suppliers	TSO	SSA	Generators
Scope of Test				
Connectivity	DTT	MSA	IPT	Other
			No. Of Scenarios	

Scope of Discussion Request							
Correction to Documentation	Business Process	Market & MP Systems	MPCC	Readings Processor	Market Gateway	Schema	Web Forms
