Detail of Discussion Request	
<p>Background:</p> <p>SMO have amended the SoLR process from a retail perspective based on changes that are applied at the SEM wholesale level. The net effect of these changes for the retail market is that the SoLR event date will occur only five days after the five day remedy period thus allowing the Supplier of Last Resort a total of ten working days to effect a mass reversion to Supplier of Last Resort.</p> <p>Detail:</p> <p>In order to expedite the operation of the SoLR event, this Discussion Request proposes an additional Change of Supplier Read Arrangement code of 'DR' (SoLR read) be added to the schema. It should be noted that required market systems changes are not covered by this Discussion Request</p>
