

DR	1125	New Meter Point Status Reason Code on 017				<i>Priority</i> High	
Harmonisation Status		CLOSED - Following discussion at HWG		CR Status	Withdrawn		
				Status Date	19/09/2012		
Date	Version	Reason For Change				Version Status	
12/09/2012	v1.0	Issued for Classification and Approval at HWG on 19/09/2012				Final	
PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:							
Requesting Organisation(s)	Airtricity			Originating Jurisdiction	RoI		
Contact name	Siobhan Melvin						
Date Request Raised	20/07/2012		Originating Request				
Detail of Request							
Reason for Request							
Request that a new Meter Point Status Reason Code to cater for de-energisation due to vacant premises be added to the 017 market message. This change will allow Suppliers & the Market to uniquely identify when a disconnection is requested for reason of vacant premises. This will also allow for more accurate reporting on de-energisation statistics.							
Proposed Solution							
Add in a new Data Code to Message 017 to alert the Market that a site has been disconnected as a result of the site being vacant. There is no requirement for the addition of a new Reject Reason Code on the 117R Rejection Message. The existing Reject Reason Codes will apply as follows: IMS - Invalid MPRN status SNK - Supplier not known SNR - Supplier Not registered to MPRN CIP - CoS in progress IID - Incorrect /Incomplete data MIC - MIC Change detected. IMP - Invalid MPRN (MPRN does not exist or is for a Grouped Un-metered site)
