PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:								
Requesting Organisation(s)	Airtricity				Originating Jurisdiction	NI		
Contact name	Siobhan Melvin							
Date Request Raised	14/08/2012			Originating Request -				
Detail of Request								
Reason for Request								
<p>Airtricity request that a formal market process be developed for the installation of import/ export meters. This process should cover:</p> <ul style="list-style-type: none"> • Customer obligations • Supplier obligations • NIE obligations. <p>It should also include contact NIE email addresses, charging process and confirmations back to Supplier that work has been completed.</p>								
Proposed Solution								
<p>A number of Airtricity customers have requested the installation of import/ export meters on their behalf but when NIE is contacted regarding this, conflicting information is given and Airtricity is being told that they are not following "the process". If an approved Market Process were published, it would eliminate any confusion over the procedure for this and the customer would benefit by the fact that the process would be completed in a faster timeline. Given that this would be a manual process, Airtricity requests that this DR is fast tracked as customers are being continuously negatively impacted in the absence of a designated process.</p>
