

Defect Resolution Request

Defect ID	Title	Priority
DRR 0036	Correction of codes	High

Defect			
Date raised	28/09/04	Contact name	Sharon Tobin - ESB MOIP
Date issued to MIG	29/9/04		

Part 1: Detail of Defect & Proposal

1. Version 4.3 defines Load profile as:

07 MD with LF greater than or equal to 50%

08 MD with LF greater than or equal to 30% but less than 50%

09 MD with LF up to (but not including) 30%

These have been erroneously transposed from Version 4.2 which correctly identified these as:

07 MD with LF up to (but not including) 30%

08 MD with LF greater than or equal to 30% but less than 50%

09 MD with LF greater than or equal to 50%

2. Read type currently contains a code EF – Estimate (Implausible). This code may also be used in cases where no read is available and so to clarify it is proposed to change the **description only** to:
Estimate (Implausible/No Read available).
