Part 1: Detail of Defect & Proposal

Section 3.3 of MPD15 States: "When QH data is replaced this will be confirmed by MRSO to the Supplier (and/or Generator in the case of export) and Transmission System Operator and any aggregation performed using the original data will be reversed and any new data re-aggregated."

Following clarification of the process this should read as follows:

"When QH data is replaced this will be confirmed by MRSO to the Supplier (and/or Generator in the case of export) and Transmission System Operator via email **and / or telephone on the day the messages are intended to be re-sent**. Any aggregation will be performed using the original data will be reversed and any new data re-aggregated."
