Change Request Number	Title	Priority
MCR 0006	<i>Sending Different data on the 105 message to old and new supplier</i>	MED

PART 1 CHANGE REQUEST:

Name of Requesting Organisation	<i>ESB MOIP</i>		
Contact name	<i>Theresa O Neill</i>		
Date Change Request Raised	<i>06/04/04</i>	Originating Discussion Doc	<i>DR 0008</i>

Detail of Change Request

This DR proposes to make fields on the 105 Change of Supplier Confirmation message optional so that the proposed existing version would go to the New Supplier , but that only the following fields are populated in the 105 message to the Old Supplier:

- MPRN
- Meter Point Address
- Effective From Date

Reason for Change Request

Details on the 105 message are necessary for the New Supplier to set up Customer Details on their system. However design currently provides for sending data to the Old Supplier which he would not otherwise have received where there is a change of end Customer. (Customer Name ,Contact Details, Customer Special Needs, Medical Special Needs..) and Supplier data.
