

Defect Resolution Request

Defect ID	Title	Priority
DRR 010	Clarification to MPD 3 Objection & Cancellation	High

Defect			
Date raised	13/08/04	Contact name	Tim Cragg – ESB MOIP
Date issued to MIG	/ /04		

Part 1: Detail of Defect & Proposal

At RMIG Design Clarification Workshop on 12 Aug it was agreed to update the baseline design documentation to clearly show that the expiry of an objection will trigger a notification message being sent to the New Supplier

Impact of Defect on Market Processes

Not clear from existing design documentation that Supplier would expect to receive 112W market message in this scenario

Proposal

Proposal Type *(please tick one)*

New/modified working practice
 Amend market design
 No action
 Other

Description

- Add a flow (arrow) from step 13 to step 23 so that Expiry of objection is shown to trigger notification to the New Supplier
- Reword step 24 to **Receive notification of objection withdrawal / Expiry** so that the step caters for expiry

Identification of Baseline Products Impacted

MPD 3 – Objection & Cancellation v4.2
