Contact name		Joan-Edel Smith											
Date Request Raised		15/09/2010				Originating Request		DR 1003					
Detail of Request													
Reason for Request													
<p>This Discussion Requests proposes the addition of two new NI-specific value codes to the pending harmonised schema. The two new value codes to be added are DUoS Group T053 (Standard Rate Keypad) and Meter Configuration Code N006 (Economy 7 and Heating).</p> <p>The inclusion of code T053 will allow Suppliers to register a Standard Rate Keypad which was not permitted under 2007 market processes. N006 was omitted from the NI schema in error.</p>													
Proposed Solution													
To add two new NI-specific value codes.
