Contact name	Joan-Edel Smith						
Date Request Raised	15/09/2010	Originating Request	DR 1016				
Detail of Request							
Reason for Request							
<p>This Discussion Request proposes the introduction of a Group MPRN level for unmetered sites. A new Group MPRN will be created for all MPRNs that are associated with the same customer. The Group MPRN and associated MPRNs will be available on the Market website.</p> <p>New Connection Registration, Change of Supplier Registration and Change of Legal Entity requests for Grouped unmetered sites will be requested manually by Suppliers at the Group MPRN level. Inventory updates or changes from customers will be advised manually and applied at the MPRN level. NIE will send 700 and 701 market messages for all unmetered sites at MPRN level where there is a New Connection Registration, Change of Supplier Registration or Change of Legal Entity. NIE will issue a 701 market message monthly for all unmetered MPRNs as part of the billing process.</p> <p>The exception to this approach will be single/one-off unmetered sites referred to as Ungrouped unmetered sites. For such sites New Connection Registration and Change of Supplier Registration requests will be requested by Suppliers using market messages.</p> <p>Further harmonisation</p>							
Proposed Solution							
Introduction of Group MPRN level for registration of unmetered sites associated with the same customer will be requested manually by Suppliers. To display both the Group MPRN and associated MPRNs on the Market website.
