Requesting Organisation(s)		NIE				Originating Jurisdiction			NI		
Contact name		Joan-Edel Smith									
Date Request Raised		21/03/2011			Originating Request			DR 1053			
<p align="center"><b>Detail of Request</b></p>											
<p align="center"><b>Reason for Request</b></p>											
To provide further explanation to Suppliers as to why a CoS has been cancelled.											
<p align="center"><b>Proposed Solution</b></p>											
<p>The Market Messages 111 and 111L are used by NIE to indicate to the Old and New Suppliers that a registration request has been cancelled. Currently, when a registration is cancelled because associated fieldwork cannot be completed a 111 market message (Registration Cancellation – New Supplier) is sent to the New Supplier and a 111L (Registration Cancellation – Cancellation of Customer Loss – Old Supplier) is sent to the Old Supplier with Cancellation Reason field set to "TO". "TO" stands for "time out" and is used to denote that the registration request has been cancelled by NIE because it was not, or cannot be, completed within the permitted timeframes.</p> <p>This Discussion Request proposes that a new reason code of "FC" is added to these market messages to denote that the registration request has been cancelled by NIE because the associated fieldwork was cancelled. The proposed change will add a new reason of "FC" for the registration cancellation. "FC" will stand for "Fieldwork Cancellation".</p> <p>For CoS Requests with related fieldwork the 131 [S &amp; R] will be sent to the New Supplier to manage re-schedules and the 131 [C2] will be sent to the New Supplier to provide a cancellation reason if it occurs.</p>
