

Market Change Request

Change Request Number	Title	Priority
MCR 0021	Sending two versions of market message 105.	HIGH

PART 1 CHANGE REQUEST:

Name of Requesting Organisation	Energia		
Contact name	Edward Barr		
Date Change Request Raised	18/05/04	Originating Discussion Doc	DR 0028

Detail of Change Request

This MCR proposes to send message 105 to the new supplier and to implement a new message (105L) with the contents underneath to be sent to the old supplier

- MPRN
- Meter Point Address
- Effective From Date

Reason for Change Request

There are 2 messages with the same message number, which should cause different business processes to be invoked, the lost of a customer and the gain of a customer. This is felt by suppliers to be inconsistent with the original assumption that a market message number should unique to an individual market process. This will also cause problems when a market participant tries to reconcile the end of day market message report with their internal systems

Identification of Baseline Products Impacted

Ver 4.1 of Market Messages – 105 Change of Supplier Confirmation Message
 Ver 4.1 of Registration Messages Implementation Guide
