Contact name	<i>Edward Barr</i>		
Date Change Request Raised	<i>28/05/04</i>	Originating Discussion Doc	<i>DR 0044</i>

Detail of Change Request

It is required to send market message 306 for all NQH De-energisations. Where a meter change has occurred then message 332 is required in addition to message 306.

Reason for Change Request

While the 332 message (a general message for meter works) sent to Suppliers does show the MPRN Status as de-energised the current design does not provide for a definite de-energisation message (306) to be sent to Suppliers.
