<b>Contact name</b>	<i>Edward Barr</i>		
<b>Date Change Request Raised</b>	<i>28/05/04</i>	<b>Originating Discussion Doc</b>	<i>DR 0045</i>

### Detail of Change Request

It is required to send market message 307 for all NQH Re-energisations. Where a meter change has occurred then message 332 is required in addition to message 307.

### Reason for Change Request

While the 332 message (a general message for meter works) sent to Suppliers does show the MPRN Status as energised the current design does not provide for a definite re-energisation message (307) to be sent to Suppliers

### Identification of Baseline Products Impacted
