

## Market Change Request

Change Request Number	Title	Priority
MCR 0067	AMENDMENTS TO MARKET GATEWAY FUNCTIONALITY	High

### PART 1 CHANGE REQUEST:

Name of Requesting Organisation	ESB Networks		
Contact name	Sharon Tobin		
Date Change Request Raised	13-10-05	Originating Discussion Doc	DR 0087

### Detail of Change Request

A number of changes have been proposed to improve operation of the Market Gateway (i.e. hub and MPCC). These changes are as follows:

#### Manual download of messages

It is proposed to modify the functionality of the MPCC to enable market participants to manually download market messages from the hub by selecting a list of files. At present all Market Participants receive messages in real-time when there is a connection to the internet.

#### Receipt Acknowledgements

Currently the MPCC will attempt to re-send a market message if it does not receive a receipt acknowledgment within 30 minutes. This will be amended to 3 hours to ensure that messages are not unnecessarily re-sent due to a delay in processing of Receipt acknowledgements

#### Post Errors – No. of retries

It is proposed to amend the processing of packages so that, where a post error occurs, three attempts to re-send the message are made at five minute intervals before it is flagged as having failed.

### Reason for Change Request

To improve efficiency of the market messaging systems

### Identification of Baseline Products Impacted

N/A

### Description of Trading & Settlement Code Impact (if any)

*No Impact*

Date that ESB MOIP issue Change Request	13-10-05
Date that ESB MOIP requires Response	Not required
