Detail of Change Request

The following changes are required to MPD5 New NQH Metered to cater for proposed new arrangements for QH Eligibility

MPD5 New NQH Metered Connection

All new connections at LV (excluding embedded generators) will be set up as NQH (currently LV new connections at 200KVA or higher are set up as QH).

As a result Section 3.0 of this MPD should be updated as follows:

3. Supplementary Information

3.1 NQH Eligibility

All LV new connections except for embedded generators are initially set up as NQH. All NQH sites i.e. new connections and existing will be subject to six monthly review of usage for QH eligibility.

Please note: A NQH to QH transfer may be requested earlier than the 6 month period described if it becomes eligible.
