Detail of Request							
Reason for Request							
<p>This Discussion Request proposes the introduction of 507 and 507C market messages for Designated DUoS Disputes where the Supplier disputes amount exceeds 5% of the total invoice in NI as per the NIE Distribution Use of System Agreement. This will remove the current manual NI dispute process where a Supplier has to e-mail NIE through the customer account e-mail account. Note smaller amounts will still be handled off-line using the current manual process. 507C must always be sent by a Supplier regardless whether or not there are any Designated Disputes.</p> <p>Further harmonisation through the use of the 507 and 507C market messages</p>							
Proposed Solution							
<p>The NIE proposed solution will test the "Amount Disputed Total" field in the 507C market message received for each invoice. If this value is greater than 5% of the total invoice the MPRNs associated with each 507 market message will be marked as a Designated Dispute. Suppliers should only send in 507 market messages for each MPRN in dispute where the total of the disputed amounts is greater than 5% of the total invoice. Within the harmonised Data Definitions and Value Lists documentation "QH" to be changed to "Interval".</p>
