<b>PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:</b>													
Requesting Organisation(s)		NIE				Originating Jurisdiction		NI					
Contact name		Joan-Edel Smith											
Date Request Raised		22/10/2010			Originating Request								
<b>Detail of Request</b>													
<b>Reason for Request</b>													
Currently there is process in the interim solution that allows a domestic customer of NIEES to register as a non-domestic customer of a Supplier who is not certified for the domestic market. The process is seen as being unwieldy and overly manual, which has resulted in delays and customer dissatisfaction. NIE was asked through SIG to investigate if an improved process could be developed.													
<b>Proposed Solution</b>													
To put in place an automatic CC&B/QBS solution that will facilitate a Supplier, who is not certified for the domestic market, to submit a first domestic CoS, with an outcome that in processing the CoS, converts the domestic meter point to non-domestic
