PART 1 DETAIL OF DISCUSSION REQUEST/MARKET CHANGE REQUEST:							
Requesting Organisation(s)	NIE		Originating Jurisdiction		NI		
Contact name	Joan-Edel Smith						
Date Request Raised	22/10/2010		Originating Request				
Detail of Request							
Reason for Request							
Currently in the interim solution on completion of a fieldwork visit by NIE in response to a Supplier fieldwork request "to investigate physical metering", NIE issues an N131C market message to the Supplier, but the Supplier is not provided with the details of what was found or done during the fieldwork visit. This DR will enable field activity comments, provided by electricians, to be provided back to Suppliers							
Proposed Solution							
To provide field activity comments on the N131C market message to Suppliers for all types of "M03 or "K03" (investigate physical metering" when a field activity has been completed. Comments will only be returned on an N131C in response to Supplier requested fieldwork via an N031 market message.
