Waterford	3
National Totals	1.29

- As per previous IGG ESNB are looking at numerous ways to address the LTNA issue
- One option to tackle the PAYG issue is to utilise an existing facility on PAYG meters
- Secure PAYG meters allow a 60 character message on Top Up Receipts
- It is ESNB understanding that it is quick & free to utilise this functionality
- ESNB requests that all Suppliers add an LTNA message for lifestyle and hardship PAYG customers between now and Christmas
- Suggested message:  

Pls ring 1850337777 with your meter reading(+MPRN see bill)
- ESNB appreciates any co-operation that Suppliers can provide to address the LTNA issue

**NETWORKS**

## **ESBN Presentation to the IGG**

**Market Release 2015 and Sundry Items**

**Theresa O'Neill**

**4<sup>th</sup> November 2015**

- The Schema and Non Schema Releases will be rescheduled for a delivery timeline which will be in line with the rescheduled Tibco Upgrade Project
- The implementation of Changes to the Downloadable files arising from MCR1122 and MCR1151 will also be rescheduled and the revised timeline for them will be advised to Market Participants at the next IGG in January
- There were no comments or queries from any Market Participant following on from the ESNB Market Release presentation to the TIBCO Upgrade Project & Webforms Training Workshop that was held on 30th September

The dates that are contained in the document which was presented by ESNB will be rescheduled and a revised document will issue in due course to reflect the delivery date changes viz 'Work in Progress, Cutover for MCR1111 Automated Debt Flagging Solution Ver 3.0'

- No comments or queries were received by ESNB from any Market Participant in relation to **DR1167 Ver 1.0 Facilitate energy efficiencies in Local Authority Public Lighting**
  - A revised version of this DR has been drafted by ESNB and sent for publication to ReMCoDS on foot of the RMDS requirement that there would be text added into the DR which states that the CCMA and the TII Transport Infrastructure Ireland (previously known as the NRA) are in agreement with the proposals that have been documented in the DR
- No comments or queries were received by ESNB from any Market Participant in relation to **DR1169 Ver 1.0 Addition of Postal Code to two Downloadable Meter Point Details Files**

Thank You
