Detail of Request
Reason for Request
<p>Background</p> <p>CER's Retail Market team asked ESB Networks in January 2015 to assess the impact of the ISEM on the Retail Market in Ireland.</p> <p>Whilst the SEM is to undergo a radical transformation arising from changes to European legislation designed to create a single wholesale electricity market across Europe, the intention of the RA's I-SEM team is that there would be minimum impact for the Retail Market and for Meter Data Providers arising from the I-SEM.</p> <p>ESB Networks is one of the four Meter Data Providers represented at the I-SEM Metering Working Group and through that we have been considering the impacts of the I-SEM. Output from that forum is contained in this Discussion Request DR1182</p>

Proposed Solution
<p>The Detail of the Proposed Solution is contained in the embedded Word document entitled 'Impact of I-SEM on the RoI Retail Market' which is currently at Version 0.1</p> <p></p>
