Detail of Request Reason for Request

At the IGG on 30th August 2017, a number of suppliers highlighted an event which happened recently where a mass transfer of MPRN's from one Supplier ID to another Supplier ID took place. The suppliers identified a number of aspects of the process which caused concern for them and in their view impacted the operation of the Retail Market. It was agreed that RMDS would consider were a similar event to happen in the future what procedures are required in order to ensure that neither Market Participants or the integrity of the Retail Market Design is adversely impacted.

Proposed Solution
<p>A new Working Practice has been created to set out the steps which a Supplier must complete in circumstances where supplier initiated transfer of MPRNs from one Supplier ID to another is proposed. The Working Practice sets out a four stage approach with requirements outlined for each stage</p> <p>Stage 1 - Regulatory Engagement with CRU</p> <p>Stage 2 – Engagement with MRSO</p> <p>Stage 3 – Customer Engagement</p> <p>Stage 4 – Migration of MPRNs</p> <p>See attached document</p>
