

300 Validated Non Interval Readings Scheduled

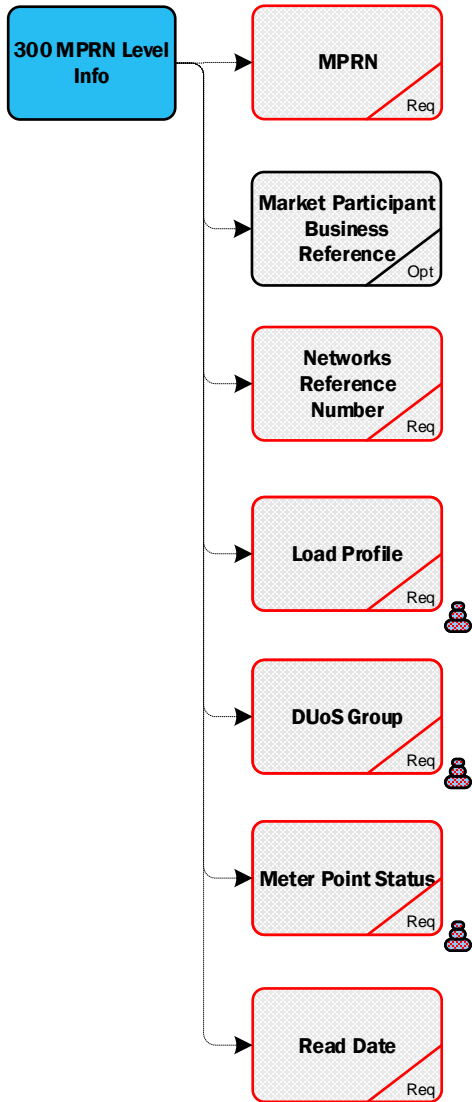

Message

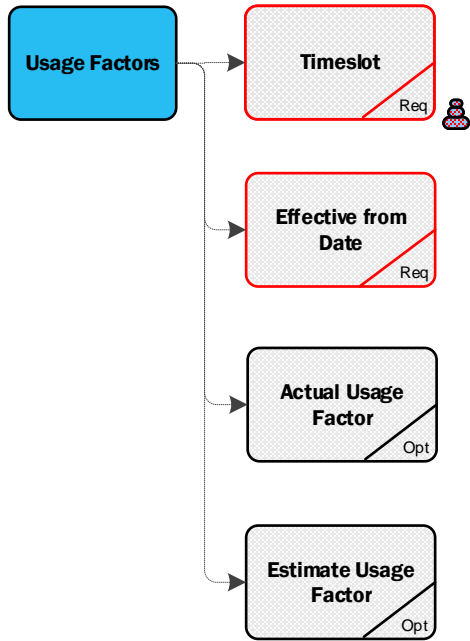

300 Validated Non Interval Readings Scheduled

Meter Point Status
E - Energised
D - De-energised
Read Reason
01 Scheduled Read
10 Ad hoc, non chargeable check read
27 Change of Legal Entity
Read Type
A An actual reading obtained by ESB Networks
CU A reading provided directly by a customer
E An estimate due to a missing register reading / no access
ED An estimate due to a CoLE reading preceding the last DUoS billing date
EF An estimate due to an implausible reading / No read available
SC A customer reading provided by a Supplier
Read Status
RV Reading which is plausible / valid
RREL Reading was originally implausible but released on investigation as plausible
REST Reading was estimated and usage factors deriving from estimate will be used in Settlement. See Read Type for reason for estimate.
RENS Reading was estimate but usage factors are not updated and will not be used in settlement. This is generally because a full set of readings was estimated due to implausibility.
Optional/Mandatory; Although the following Data Items are optional, note the following caveats:-
Actual Usage Factor: Provided by the period terminating on the read date
Estimated Usage Factor: Provided for the period following the read date
