3. Actions – New Conference Call Actions

No new Actions were logged at the Conference Call.

4. CRU Update

N Michael provided the CRU update.

Smart PAYG Paper

N Michael reported that CRU is currently working on developing a decision on Smart PAYG, to be published in early August.

Supplier Handbook Consultation

N Michael reported that the Supplier Handbook Consultation is closing this Friday 23rd July 2021. Suppliers are reminded to send in their responses.

5. Retail Market Design Update

L Sharpe gave the Market Design Update.

MMR v13.1

L Sharpe reported that at a previous IGG, MPs approved minor changes to three Briefing documents. These will be going into a Minor Market Release v13.1 which is taking place on 4th August 2021. An email on this was issued to MPs. If MPs have any questions on the release, get in touch with RMDS.

Updating Governance Documents

L Sharpe reported that as already discussed at a previous IGG, some of the Governance Documents that we have are based on a co-ordinated market. RMDS has been looking at these and has identified three documents which need to be updated to an ROI only jurisdiction.

RMDS will circulate these three updated documents to the IGG this afternoon and will be looking for feedback on these within the next two weeks. The updated documents will come into circulation on 26th September 2021, post System Separation.

6. MRSO Update

K Plunkett gave the MRSO update.

MCC12/MCC16 Figures

K Plunkett gave an update on the MCC12 and MCC16 figures for Smart Data Services. As of CoB yesterday 20th July 2021, the figures were:

- MCC12 - 14,597
- MCC16 - 1,001

L Sharpe added that the MCC12 and MCC16 figures are issued by MRSO via RMDS to MPs every second Friday. They will be issued to MPs this Friday. (*These figures were subsequently updated and issued to MPs on 23rd July 2021*).

7. ESB Networks

S Melvin gave the ESBN update.

Covid-19 Activities

ESBN is continuing its activities as per the governance Covid-19 Activity Plan. There is no change there.

NGNs

ESBN encourages the remaining MPs to update the ESBN 1850 number range to the 1800 number range by the end of the year. ESBN thanks those Suppliers who have already updated those numbers.

Day & Night Meters

ESBN has exchanged 4,300 meters to date. Letters have issued to all Customers at this stage. ESBN will continue to keep the IGG updated on this matter.

8. De-harmonisation Update

L Sharpe reported that from an assurance point of view, IPT is due to start on 9th August 2021. The formal assessment of ESBN took place last week. Everything is on track for De-harmonisation in relation to assurance and IPT.

9. Gemserv Update

S Fox-Mella reported there is no Gemserv update.

10. Notice Board: Planned Maintenance, Reminders from IGG etc.

L Sharpe reported that there are no outages planned at this stage. RMDS will let MPs know as soon as it receives notification of any.

She added that an outage planned for last weekend was postponed. RMDS is awaiting a new date for this outage and will issue a communication on this.

11. AOB

2 Items were raised in AOB.

ESBN Consultation on Customer Meter Signals

S Melvin reported that ESBN mentioned this Consultation at the IGG in April, from its colleagues in ESBN Metering Assets. This Consultation on Customer Signals is currently open until 25th August 2021 and is available on the ESBN website. RMDS welcomes MPs responses to this Consultation and asks that MPs make the relevant people in their organisations aware of the Consultation so that they get an opportunity to respond.

The Consultation is available on the following ESBN page:

[Stakeholder and customer consultation ESB Networks Revenue Meter Signals For Customer Energy Management Systems \(EMS\)](#)

Microgeneration

E McGurk asked if CRU has any update on Microgeneration. We are now into July and we don't have any formal announcement from the Government about what the plans are. It would be good to have a rough timeline for when things are expected to happen. BGE has received some queries from Customers about when they are going to start receiving their microgeneration payments as it was announced widely that the scheme was starting from 1st July 2021, but there is no scheme in place yet.

N Michael replied that she doesn't have update on Microgeneration. She will see if there is any update that she can share with the IGG.

E McGurk stated that would be really helpful.

Next Meetings:

- IGG 25th August 2021 (is due to take place in Dublin) – this meeting will be a Conference Call. Details will issue in due course.
